Docket No. 98N-1265 9 '99 MAY -4 P2 33
Food and Drug Administration

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I have been ^{using} hormone replacement therapy
for years now. The standard brands were disastrous
for my body. The natural kind which has worked
wonders for my system was recommended by my gynecologist
and comes from out-of-state. It can only be found
out-of-state.
